### **Volunteer spotlight: Dave Brown**

Our data shows that ASB is consistently one of the biggest areas for concern amongst NW members. So, it is wonderful to see one of our coordinators, Dave Brown from Cheshire, making a real difference in his new build development. His work shows that one person can be a catalyst for positive change, across a community. What a great initiative, well done Dave!

## Loneliness Awareness Week is coming soon

Hosted by [Marmalade Trust](#), Loneliness Awareness Week runs from 15-21 June. It is the world's largest campaign to inspire conversations about loneliness and promote connection activities happening across the world. Loneliness can also makes people more vulnerable to crime, so the more we can do to reach out to our neighbours the safer they will be. Find out more and sign up [on their website](#).

Changes mean that communities are set to benefit from clear expectations around the level of public services they see in their area. Key issues that matter to local people, like cleaner streets, potholes and public services will come under a Neighbourhood Guarantee for the first time. People will also be able to monitor whether the guarantee is being met in their area through published data. [Find out more](#).

## Scheme spotlight: North Aldridge Neighbourhood Watch

[North Aldridge](#) recognised some of their longest serving supporters at their recent AGM. And we really mean long serving, they were recognising people who have been volunteering for over 10, 15, 20 and 25 years. That is so impressive. It is also probably the reason that the area is known for being a peaceful and clean area with friendly neighbours. What a fabulous team, we are so grateful for the amazing work you do!

### **Scheme spotlight – Rosegrove**

Rosegrove NW are always so innovative with the events and services that they do. In the last month they've hosted a sold-out Pride event, a mad science workshop for school children and a book nook crafting session. Whoever is coming up with these events is clearly a creative genius. Absolutely brilliant work and so much fun for the whole community!

### **Straw poll results**

Thanks to everyone who filled in the straw poll on the frequency of the newsletter. 75% of you have asked us to share a shorter newsletter more often. Honestly, it came as a bit of a surprise, but a nice surprise! We'll start working on how we can deliver that. We're always trying to make our information better, so feedback is always welcome.

Best wishes

Charmian
